My name is Riya Sharma. I am a final year student of Kasturba institute of technology and also a part of GCC, Adarsh Nagar since 2019. I secured All India Rank 1 in Btech lateral entry examination of Gautam budh university, greater noida. This wouldn't have been possible without the support, hardwork of my teachers and Parents. Hello everyone I am Abhishek , a GCCian enrolled in Batch 1 for the year 2019-20. After investing one year preparing for LEET exam, I appeared for KITEE LEET and got a decent rank 20 among almost 4000 candidates appeared. I dedicate this achievement to my Parents and my teachers at GCC who provided me with special attention when required. As I was preparing here for various all INDIA leet I will further appear for IPU and UPTU LEET. IF I share about Kitee leet I found that exam a bit difficult though ,but the question were relevant to the concept which I had studied at GCC throughout the year due to which I got a decent rank. To my juniors looking to appear for LEET and want to do BTECH from a top govt college I would say that confidence, self believe ,disciplined and hard work is the key. GCC helps you in targetted study for your respective target (college). GCC too always look to improve itself and it's been 9 years to them operating and they are 9 times improved then they were in 2011 and even improved than previous year. Hii, I'm Saurabh Pandey and i got 6th rank in MMMUT LEET and AIR 34 in SLIET LEET.

This was possible only because of GCC. And tremendous hardwork of Naveen Munjal sir and other faculty of GCC.

They are providing very good assignment and fantastic test series which are exactly similar to the original LEET Question paper.

From my point of view GCC is best for leet .The best part of GCC is that it provides assignment, motivational audios by munjal sir , and also the most inspiring thing is that you can ask your doubt to the faculty members of GCC at any time . Munjal Sir is the best teacher in GCC who taught us or teaches us very well.

Mostly faculties in GCC are well qualified .

At Last I want to say that

"A good education can change anyone"

"But a good teacher can change everything"

"A only thing in student control is effort that's all end that's everything"

through the guidance and support of GCC I got 3rd rank in IPU LEET 2019

Regards

GCC is the best coaching center for btech lateral entry. Because of good teachers, I'd learn a lot, teachers were always be punctual for their classes, and also the study material was great. I got so much in trouble during counseling and further processes but GCC helped me out. So I guess GCC is totally worth it. I prefer to you to go and take classes from GCC for lateral entry.

I'm very happy I chose to take my Gcc coaching from Adarsh nagar. The faculty are very proficient and friendly. They have a command over what they are teaching, especially from the Leet perspective. The faculty helped me with a lot of tips and tricks for the leet. The study material is excellent. The center helped me with a lot of practice tests also. . I would recommend Gcc to anyone who's looking to give the leet in all over india
